

UAW-LETC ADVANCED AUTOMOTIVE TRAINING NEWSLETTER

ISSUE 23

NOVEMBER 2015

SPECIAL POINTS OF INTEREST:

PY 2015/2016: The UAW-LETC is currently an "A" Program at 114.7%.

The Auto Body Program recertified in October 2015 through NATEF.

25 students attended a field trip to Caterpillar in Salt Lake City, Utah.

UAW recently acquired 2 Diesel trucks from GSA for training. We also obtained 3 Detroit diesel engines.

THANK YOU FOR YOUR SUPPORT!

Your students benefit from Job Corps Advanced Training!

UAW-LETC at Clearfield Job Corps Center offers 21 NATEF Accredited Automotive Training classes. Automotive and Diesel Programs also offer the opportunity to fully complete a DOL Recognized Registered Apprenticeship Program.

Quote:

To learn is to change. Education is a process that changes the learner.

- George B. Leonard

The UAW-LETC Program is proud to have 290 students from 55 Job Corps Centers in our program. Your students benefit from Advanced Training and the vast opportunities available to them in the Automotive, Diesel or Collision Repair and Refinishing areas.

UAW GRADUATE REACHES HIS LONG-TERM GOAL

Bau Dang made it! Bau transferred to the UAW Advanced Training Program from the Shriver Job Corps in Devens, Massachusetts. Bau worked hard and fully completed the Toyota program, as well as the UAW apprenticeship program. Bau recently graduated with honors and passed eight ASE Certification tests prior to graduation. Bau also successfully completed Work Based Learning at the Ferrari dealership in Salt Lake City, Utah and assisted our CTS at the New York International Auto Show as well. Bau's experience at Ferrari prepared him for the expectations of the work-place. Bau also received a perfect score on his final Work Based Learning evaluation, which is very difficult to do, especially at dealership that has the highest of expectations for their technicians and interns. Today, Bau is working for McCall Stevens Lexus in Houston, Texas. Bau's long term goal was to work for Lexus and become a Master Level Technician. He is certainly on track to meet this goal! Great job Bau! We appreciate your focus and commitment!

Bau Dang Transfer from Shriver JC

ASE CERTIFICATIONS

Your students are excelling with their training here at UAW. Listed below are the numbers of students having success passing ASE Certification tests:

34 STUDENTS HAVE PASSED AT LEAST 1 ASE CERTIFICATION	AT	2 STUDENTS HVE PASSED AT LEAST 7 ASE CERTIFICATIONS

PERFORMANCE DEALERSHIP GROUP

We are pleased to announce the expansion of our partnership with the Performance Dealership Group. Performance operates Toyota, Ford and Chrysler/Dodge/Jeep dealerships in Utah and Ohio. Performance hires factory-trained technicians, and their state-of-the-art facilities have highly experienced staff ready to take care of all their customers' needs. Our relationship with Performance is due in large part to their expansion and our Work-Based-Learning connection. Our partnership and current agreement focus on increased starting wages for program completers selected to work with their dealership group. This will enable our graduates to enjoy a secure career position prior to graduation. Today, 15 current interns and former graduates are working at Performance dealerships and the owners are committed to expanding this arrangement. UAW automotive students and grads can look forward to a wide range of employment opportunities, with a company dedicated to their progression and advancement. We applaud the Performance Automotive Group for recognizing a quality Job Corps training program.

Great companies like this one regularly seek out our graduates!

UAW AUTOMOTIVE APPRENTICESHIP GRADUATES

We congratulate some of our PY 2015\2016 Apprenticeship graduates!

Ian Garcia	Clearfield JCC	Jesse Hume	Timberlake JCC
Kenneth Milburn	Schenck JCC	Ben Morgan	Weber Basin JCC
Chris Ray	Schenck JCC	Pacsmay Saecheo	Timberlake JCC

HERE'S WHAT YOUR STUDENTS ARE SAYING ABOUT THE UAW PROGRAM

Based on recent classroom/shop evaluations, here's what your students are saying about the UAW Program:

- Foundations Class: "I feel very confident in fully completing the program."
"I like the class. It's comprehensive and fun."
- Electrical 1 and 2: "The instructor is a really great person and he does his best to see you succeed."
"There is a high sense professionalism in class."
- Electrical 4: "I like the attention to detail the instructor had."
- Engine Performance: "I liked the depth we went over in engines and how problems affect performance."
- Engine Controls: "The instructor is a superstar!"
- Diesel Engines: "I loved all of the hands-on that was involved."
"I feel I made the right choice for my life."
- Diesel PM: "I like the program very much."
"Jerry is an excellent instructor."
"I want to keep going and be a Master Technician."
- MLR Engines: "The class makes me feel like I want to move on to the Advanced Program."
"I learned so much from the course."
